DECLASS REVIEW by NIMA/DOD

STATINTL

Reference:  Letter A51-62-1812 Dated 27 February 1962

STATINTL

Dear 

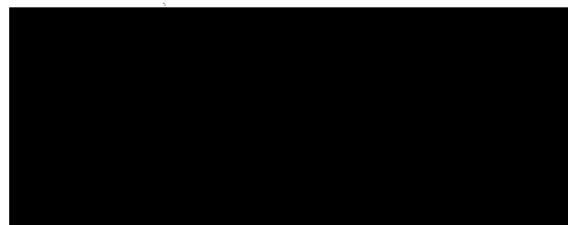

STATINTL

Under cover of the referenced letter,  forwarded a ~~Stat~~ ^{Final} ~~INTL~~ Engineering Report for the Image Quality Meter Program under Contract 

Please replace the title page and Figures 4-4, 4-9, 4-13, and 5-3 with the enclosed T-punched modification pages. Figures 4-4, 4-9, and 4-13 are enlarged reprints for increased legibility; Figure 5-3 is a truer representation of image contrast reduction with increasing spatial frequency.

Very truly yours,

STATINTL

Director of Contracts
